

Reviewers

The Guest Editors of the Special Issue on Advances in Rail Track Infrastructure Research and Practice, of the *Electronic Journal of Structural Engineering* wish to express their appreciation for the contributions of the following individuals from academia and industry, who served as technical reviewers during the period of July 1, 2013, to December 31, 2013.

Allan Manalo

Centre of Excellence in Fibre Composites, University of Southern Queensland, Australia

Antti Nurmikolu

Railway Track Research Group, Tampere University of Technology, Finland

Brandon Van Dyk

Vossloh Fastening Systems America Corporation, Chicago, Illinois, USA

Chainarong Athisakul

Department of Civil & Environmental Engineering, King Monkut's University of Technology Thonburi, Thailand

Cholachat Rujikiatkamjorn

School of Civil, Mining and Environmental Engineering, University of Wollongong, Australia

Chris Bian

GHD Pty Ltd, Australia

Darrien Welsby

Institute of Railway Technology, Monash University, Australia

David Fletcher

Rail Innovation & Technology Centre, The University of Sheffield, UK

Dingqing Li

Transportation Technology Centre Inc., Colorado, USA

Javad Tahaerinezhad

Department of Civil & Environmental Engineering, The University of Melbourne, Australia

Muhammad MS Hadi

School of Civil, Mining and Environmental Engineering, University of Wollongong, Australia

Olivia Mirza

School of Computing Engineering and Mathematics, University of Western Sydney, Australia

Peter Torstensson

CHARMEC / Applied Mechanics, Chalmers University of Technology, Sweden

Pieter Coulier

Department of Civil Engineering, University of Cambridge, UK; and KU Leuven, Belgium

Rikard Bolmsvik

Abetong AB, Sweden

Sanjay Nimbalkar

School of Civil, Mining and Environmental Engineering, University of Wollongong, Australia

Taufan C Abadi

Faculty of Engineering and the Environment, University of Southampton, UK
